Example of Program to Reduce the Use of Paper and Plastic in Campus (Mahidol University, Thailand)	

**Description:**

1. JUST implemented a conversion program to manage most of its communications electronically rather than using paper. Every staff and employee have an account that he/she can use to apply services or inquire information. The picture shows some services that are available electronically. Paper applications to these services is not accepted. Examples include: vacations, staff evaluation, vehicle request, marks submission, student attendance, students advising, promotion system.. etc.
