Laila Akhu-Zaheya, PhD
Professor/Dean of Nursing
Jordan University of Science & Technology
PO Box 3030
Irbid, Jordan 22210

Dear Dr. Al-Salem and Dr. Akhu-Zaheya:

This letter is formal notification of the action taken by the Accreditation Commission for Education in Nursing (ACEN) at its meeting in September 2024. The Board of Commissioners granted Continuing Accreditation to the baccalaureate nursing program and scheduled the next evaluation visit for Spring 2032. Please see ACEN Policy #9 Disclosure of Information About an Accredited Program for the required disclosure statement regarding this decision, which must be made to all current and prospective students within seven business days of this letter.

Deliberations centered on the materials available to the Board from this accreditation review process and the recommendation for accreditation proposed by the peer evaluators on the site visit team and the Evaluation Review Panel. Final decisions were made based on the 2023 Standards and Criteria.

The Board identified the following:

Suggestions for Improvement

Standard 4 Curriculum, Criterion 4.4

- Ensure the nursing curriculum is implemented as published.

Standard 5 Outcomes, Criterion 5.1

- Ensure faculty use a variety of appropriate direct outcome assessment methods for each end-of-program student learning outcome.

Standard 5 Outcomes, Criterion 5.1

- Ensure faculty establish a specific, measurable expected level of achievement outcome statement for each summative assessment method.

Standard 5 Outcomes, Criterion 5.1

- Ensure faculty analyze aggregated and/or disaggregated assessment data at regular, faculty-determined intervals.
