

## Jordan University of Science and Technology

Event title and link	Location	Date
<p>Participation of students from the College of Computer and Information Technology in the Arab Information Security Championship competition.</p> <p><a href="#">Jordan University of Science and Technology wins first place in the Arab Information Security Championship competition</a></p>	Cairo	29 Sep 2022
<p>Students from the College of Computer and Information Technology participate in the Jordanian National Information Security Competition.</p> <p><a href="#">Jordan University of Science and Technology wins first place in the Jordanian National Information Security Competition</a></p>	The Dead Sea within the annual conference of the Information Systems Control and Audit Association in Jordan	10 Oct 2022
<p>Students from the College of Computer and Information Technology participate in the National Programming Championship competition.</p> <p><a href="#">Jordan University of Science and Technology Students Gain Advanced Positions in the National Programming Championship</a></p>	Oman - Under the patronage of the Ministry of Digital Economy	21 Oct 2022
<p>Students from the Faculty of Computer and Information Technology participate in the IEEEExtreme 16.0 competition.</p> <p><a href="#">Jordan University of Science and Technology (JUST) wins advanced global positions in IEEEExtreme 16.0 competition</a></p>	Al Hussein Technical University	25 Oct 2022
<p>The college's participation in the Middle East and North Africa ICT Forum.</p>	Dead Sea	24 Nov 2022

<p><a href="#">Jordan University of Science and Technology participates in the Middle East and North Africa Information and Communication Technology Forum (MENA ICT)</a></p>		
<p>Participation of students from the College of Computer and Information Technology in the International Information Security Competition. <a href="#">The University of Science and Technology wins advanced positions in the world in the finals of the global information security competitionBlackHat MEA CTF 2022</a></p>	Riyadh - Kingdom of Saudi Arabia	27 Nov 2022
<p>Participation of students from the Faculty of Computer and Information Technology in the Arab and African Programming Competition. <a href="#">Arab and African Programming Competition (ACPC2022)</a></p>	Egypt - Sharm El Sheikh	11 Dec 2022
<p>Participation of students from the College of Computer and Information Technology in the Cyber Warriors Competition. <a href="#">Jordan University of Science and Technology wins first place in the Cyber Warriors Competition</a></p>	National Cybersecurity Center )NCSC Jordanin ( cooperation with Al Hussein Technical University	13 Dec 2022
<p>Participation of students from the College of Computer and Information Technology in the ARDUINO competition. <a href="#">Jordan University of Science and Technology wins first and second places in the ARDUINO competition</a></p>	Al-Balqa Applied University	15 Mar 2023
<p>A scientific trip for students of the College of Computer and Information Technology to the village of Orange in Irbid. <a href="#">A scientific trip for students of the College of Computer and Information Technology to the village of Orange in Irbid</a></p>	Orange Village in Irbid	09 Apr 2023

<p>Seminar on modern disciplines in computer and information technology.</p> <p><a href="#">Seminar on Modern Disciplines in Computer and Information Technology</a></p>	Irbid Model Schools	28 May 2023
<p>Participation of students from the College of Computer and Information Technology in the International Information Security Competition.</p> <p><a href="#">University of Science and Technology Students Achieve 5th Place in the World in the Finals of the HackDay CTF 2023 Global Information Security Competition</a></p>	Paris – France	01 Jun 2023
<p>Participation of students from the College of Computer and Information Technology in the Cyber Warriors Competition.</p> <p><a href="#">Jordan University of Science and Technology wins the first three places in the Cyber Warriors Competition</a></p>	National Cybersecurity Center )NCSC Jordanin ( cooperation with Al Hussein Technical University	10 Jul 2023
<p>Participation of students from the College of Computer and Information Technology in the cybersecurity competition .</p> <p><a href="#">University of Science and Technology Students Won First Place in Meta CTF Cybersecurity Competition</a></p>	Princess Sumaya University for Technology	11 Jul 2023
<p>Students from the College of Computer and Information Technology participate in the 2023 sumo competition.</p> <p><a href="#">Jordan University of Science and Technology teams win first and second place in the 2023 sumo competition in the category of best robot programming, and achieve third place in the category of best robot design.</a></p>	Al Hussein Technical University	16 Jul 2023
<p>Students from the College of Computer and Information</p>	Zain Innovation ) PlatformZINC)Head	16 Aug 2023

<p>Technology participate in the Zain Innovation Platform (ZINC) competition.  <a href="#">The University of Science and Technology wins the first three places in the Zain Innovation Platform (ZINC) competition</a></p>	Office at King Hussein Business Park	
<p>Workshop on the National Semiconductor Design Competition.  <a href="#">Semiconductor Design National Competition (JoSDC 2023)</a></p>	Ministry of Digital Economy and Entrepreneurship	31 Aug 2023
<p>Participation in a workshop at the Ministry of Digital Economy.  <a href="#">Faculty members of the College of Computer and Information Technology participate in the joint workshop with the Ministry of Digital Economy and Entrepreneurship with the support of the European Union</a></p>	Ministry of Digital Economy	23 Aug 2023
<p>Participation of students from the College of Computer and Information Technology in the national programming competition.  <a href="#">Jordan University of Science and Technology wins second and third place in the JCPC national programming competition</a></p>	Applied Sciences University	05 Nov 2023
<p>Students from the College of Computer and Information Technology participated in the robotics competition to fight fires.  <a href="#">Students of the Faculty of Computer and Information Technology at the University of Science and Technology win the fourth edition of the Fire Fighting Robot Contest in the programming category.</a></p>	Al-Ahliyya Amman University	20 Nov 2023
<p>Participation of students from the College of Computer and Information Technology in the International Information Security Competition.  <a href="#">Students and graduates of Jordan University of Science and</a></p>	Riyadh- Saudi Arabia	26 Nov 2023

<a href="#">Technology win advanced positions in the finals of the Black Hat MEA 2023 CTF Global Information Security Competition</a>		
<a href="#">A scientific visit to Shay company in the field of artificial intelligence</a>	SHAI for AI Company	25 Oct 2023
<a href="#">A scientific trip for students of the College of Computer and Information Technology to the village of Orange in Irbid</a>	Orange Company/Irbid	09 Apr 2023
Lecture on recycling to reduce the volume of waste	Beit Ras School/Irbid	11/30/2023
A practical application of how to manufacture compost	Harema School/Irbid	4/9/2023
Lecture on hydroponics	Ramtha	2023
Field Guidelines for Pollinating Cream Plant	Ajloun	2023
