## My Bike

The Center of Excellence for Innovative Projects at JUST has launched the first phase of its project "My Bike", aiming at promoting the "eco-campus" strategic plans in accordance with the Green Metric criteria, and fostering the culture of exercise for students on campus. The university has put 250 bikes in service across the campus. Students can rent bikes for negligible prices through an easy-interface mobile application.

**Social**

**Responsibility**

## Why JUST?

**JUST** was established in 1986 to serve local and regional educational needs.

**JUST** is a comprehensive, international university with an exponential growth noticed and acknowledged by many key success and excellence factors.

**JUST** witnessed an impressive and unequalled record of accomplishment in education, scientific research, innovation and entrepreneurship, as well as community service and leadership. It prepares highly qualified graduates who gained national and international reputation.

## Key Success Factors

- Unique multidisciplinary educational system.
- Broad diversity of students; %15 are international students representing 49 countries and comprising the largest diverse student body in Jordan.
- Undergraduate and graduate programs offered only by JUST; Nuclear engineering, Aeronautical Engineering, Veterinary Medicine, and Paramedics.
- Inauguration of the Nanotechnology Institute as a nucleus for research and development in diverse fields.
- Establishment of the Regional Institute of Infectious diseases and Antimicrobial Resistance in collaboration with Purdue University/USA.
- Establishment of the Regional Radiotherapy Center at King Abdullah University Hospital.
- All Engineering and Information Technology programs are ABET accredited.
- The Faculty of Medicine is accredited by Avicenna, WFM, and RCP.
- Applied Medical Sciences Faculty is accredited by WFOT and WCPT.
- JUST is recognized locally, regionally, and internationally for excellence in teaching, scientific research, graduate employability, and internationalization.

## **University Fast Facts**

- A royal decree was issued in 1986 to establish the University.
- The University is awarded the Al Hussein Medal for Excellence.
- The late King Hussein bin Talal: Jordan University of Science and Technology is the jewel of Jordanian universities.
- His Majesty King Abdullah II said about the university that JUST is the best scientific institution in Jordan.

## **Location, space and buildings**

- Geographical location: Irbid governorate, 70 km north of the capital Amman.
- The total area of the university is 11,000 dunums (1 dunum = 1000 m<sup>2</sup>). The campus maximum width is 7 km and its maximum length is 19 km.
- The university's total building area 303,950 square meters.
- The green area covers 5,000 dunums, of which
  - 550 dunums are planted with 532,200 forest trees,
  - 2,666 dunums planted with 47,000 fruit trees,
  - 550 dunums of gardens and
  - 1,232 dunums planted with field crops.
- The University has an artificial lake with a surface area of 40,000 square meters, with a capacity of 137,000 cubic meters.
- The university has a winter-filled dirt dam from the surrounding with a capacity of 170,000 cubic meters.
- There is a 5 MW solar PV power plant on campus, and there is a plan to build an additional 20 MW plant.
- The university hospital has a floor area of 110,300-square-meter, with 588 beds, in addition to a 2,000-square-meter radiology building.

## **Human resources**

- 1,006 faculty members, of whom 28.6% are female.
- 1282 administrative and technical staff
- 781 workers and service workers
- Ratio of faculty-to-admin staff is 1:1.27
- By graduation country, faculty members are divided as follows: 50% of the faculty are graduates of the United States of America, 20% of graduates from Europe and the UK, 7% from Canada, 4% from Australia and New Zealand and 17.5% from Jordan.

## **Faculties, programs and students**

- The University comprises of 12 Faculties; one institute, 61 academic departments, 45 bachelor's programs, 98 master's programs and two Ph.D. programs.
  - Total number of graduate: 77,462, including 12,534 non-Jordanian nationals.
  - Current number of students:
    - 25,094 undergraduate students.
    - 2,020 master's degree students.
  - 3,664 students of non-Jordanian nationality (51 different nationalities) representing 14% of the total number of students.

## **University Library**

- The total floor area of the central library is 12,500 square meters.
- The library accommodates 2,500 visitors at the same time.
- Self-lending and return service is available through RFID technology and a 24-hour automated return window. This technology also provides arrangement, weeding and automated inventory of books through DLA devices.

- The library contains 195,000 books, 50,000 volumes, 433,000 e-books, 58 databases with 103,000 e-journals.

### **University Rating**

- The university won first place according to the Jordanian classification of universities
- THE Rank, In World University Rankings 2019: 351-400
- THE Rank, in Asia University Rankings 2019: 51
- THE Rank, in Young Universities Ranking 2019: 91
- THE Rank, in Emerging Economies 2019: 58.
- THE Rank, In Arab World University Rankings: 2019: 4
- THE Rank, in Jordanian Universities Rankings: 2019: 1
- Shanghai Ranking For Clinical Medicine: 151-200
- Shanghai Ranking For Nursing: 151-200
- Shanghai Ranking For Veterinary Science: 201-300
- QS Ranking: 651-700 in the world
- QS Ranking: 13 in the Arab world
- US News& World Report Ranking for Best Global Universities:799
- US News& World Report Ranking for Best Global Universities in Asia:170

The university's budget for 2019 is around JD 102 million (US\$150 million).

### **Scientific research:**

- The University allocates 5% of its budget to scientific research in addition to supporting external research (external, external and global), where the total scientific research budget for 2020 is estimated at (8) million dinars.
- Number of published papers since the founding of the university is 11154 to Scopus.
- The University ranks first in terms of the scale of publications quoted by the SciVal World Ranking, with more than 47,000 Citations in the last five years.

### **Global credits**

- Faculty of Engineering: ABET accredited
- Faculty of Medicine: Avicenna, JCI, WFME, RCP
- Faculty of Dentistry: RCSI Accredited
- Faculty of Pharmacy: ACPE accreditation
- Faculty of Applied Medical Sciences: ASIC Accredited
- Faculty of Veterinary Medicine: EAEVE certified
- Faculty of Nursing: ACEN, WHO, CIDA
- Department of Computer Engineering: ABET accredited.
- Software Engineering Department: Accredited by the Institute of Engg. and Tech. (IET).
- Department of Life Sciences and Genetic Engineering: ASIIN Accredited

### **Quality certificates:**

- ISO 9001-2015 Quality Certificate.
