

ALUMNI SURVEY

The purpose of the survey is to establish the Biotechnology & Genetic Engineering program alumni network and enhance the experience for current students enrolled in the program. With your help, this survey will help us achieve three main goals:

1. Create a list of real career destinations to current and prospective students
2. Establish a pool of alumni who are willing to participate in various recruitment and outreach activities.
3. Apply to external academic program accrediting agency, which requires information on our graduates' employment and/or continued education

Alumni Information

Name: _____

Current Job Description: _____

Graduation Year: _____

Part I: Alumni Outcomes

1. Are you generally satisfied with your present career/academic situation? YES NO
