ENG701 Applied Linguistics

Second Semester 2017-2018

**Course Catalog**

3 Credit Hours. This course examines major issues related to Applied Linguistics such as definitions, source, fields, language teaching and learning, teaching of English as foreign language, language impairments, language testing, planning. Students are expected to address major concerns in Applied Linguistics and have basic knowledge of the subject matter as it stands at the present. Students have to distinguish among various uses of the term and its interrelations with linguistics and other disciplines such as education.
