

# MEA INNOVATION WEEK

27 JUNE - 3 JULY

With the Air Transport Industry ready to get into drive mode again, SITA is introducing its first MEA Innovation Week. This forum will focus on providing attendees with insights and upskilling opportunities into the Air Transport and Technology industries.

It will be held for a 7-day period from 27 June to 3 July and culminate with a 2-day virtual Hackathon. The Innovation Week will be hosted virtually and residents from across the Middle East, Africa and Turkey are welcome to attend.

## Webinars

## Interactive virtual workshops

## Hackathon

## ABOUT SITA

Founded in 1949, SITA (Société Internationale de Télécommunications Aéronautiques) is the world's leading specialist in air transport communications and information technology. Our organization collaborates with key players in the aviation industry to create solutions and services that meet the travelers' demands.
