

My Erasmus Experience

I spent five months studying in Gliwice, Poland and it was an incredible experience. I lived in a dormitory with my friend, and we were able to explore the country and learn about its culture firsthand. One of the things that stood out for me was the weather, as it was much colder than what I was used to in Jordan. Despite that, I had a great time visiting the largest and fourth-deepest lake which is Morskie Oko in Zakopane mountains, and trying traditional Polish dishes such as pierogi and. I also met many people from different backgrounds and made new friends.

As an international student from Jordan, I faced some challenges like language barriers and cultural differences, but I was able to adapt and overcome them by immersing myself in the local community. Overall, my time in Poland has broadened my perspective and I am grateful for the opportunity to have lived there.

Sincerely,

Mohammad Masalmeh
