

MOHAMMAD RABABA

Petra Street*Irbid, Jordan*+962777152249* mjrababa@just.edu.jo

LICENSURE AND CERTIFICATION

2011-present	Basic Life Support Instructor, American Heart Association
2008-present	Jordanian Registered Nurse
2017-present	Certified Professional Trainer

EDUCATION

University of Wisconsin-Milwaukee Ph.D. in Nursing, December 2016	Major GPA: 3.970/4.0 Minor: Gerontology
University of Wisconsin-Milwaukee Graduate Non-degree Certificate, April 2014	Major GPA: 4.0/4.0 Minor: Applied Gerontology
University of Virginia, Charlottesville M.S. in Nursing, December 2012	Major GPA: 3.496/4.0 Minor: Adult-Gerontology Acute Care Clinical Nurse Specialist
University of Virginia, Charlottesville Adult-Gerontology CNS Certificate, December 2012	Major GPA: 3.496/4.0 Minor: Neurotrauma
Jordan University of Science and Technology, Jordan B.S. in Nursing, June 2008	Major GPA: 3.94/4.0

PROFESSIONAL AND TEACHING EXPERIENCES

Jordan University of Science and Technology **Associate Professor** December 2020-present

1. Teach and supervise approximately 600 undergraduate students in different nursing courses, including Adult Health Nursing, Biostatistics, Health Promotion, Family Health, Fundamentals of Nursing, Physical Examination, and Critical Care Nursing.
2. Teach and supervise approximately 16 graduate students in different nursing courses, including Acute Care Nursing (Clinical) and Acute Care Nursing (Theory).
3. Grade exams, quizzes, and papers, develop course syllabi, and provide class support to the faculty.

Tallinna Tervishoiu Kõrgkool Teaching mobility within the Erasmus+ program 24-28/4, 2023

1. Establishing and maintaining contacts and partnerships with colleagues at Tallinna Tervishoiu Kõrgkool in our academic field (Nursing/gerontology).
2. Gaining new teaching experiences in an international context and having a chance to reflect on teaching activities cross-culturally.
3. Exploring other up-to-date teaching strategies used at Tallinna Tervishoiu Kõrgkool and sharing our

teaching strategies with them.

4. Presented two lectures on Nutrition and Ageing and Pain Management to the Estonian nursing students

. Utenos kolegija Teaching mobility within the Erasmus+ program 21-29/7, 2022

1. Establishing and maintaining contacts and partnerships with colleagues at Utenos kolegija in our academic field (Nursing/gerontology).
2. Gaining new teaching experiences in an international context and having a chance to reflect on teaching activities cross-culturally.
3. Exploring other up-to-date teaching strategies used at Utenos kolegija and sharing our teaching strategies with them.

Jordan University of Science and Technology Assistant Professor September 2016-December 2020

1. Taught and supervised approximately 600 undergraduate students in different nursing courses, including Adult Health Nursing, Biostatistics, Health Promotion, Family Health, Fundamentals of Nursing, Physical Examination, and Critical Care Nursing.
2. Taught and supervised approximately 16 graduate students in different nursing courses, including Acute Care Nursing (Clinical) and Acute Care Nursing (Theory).
3. Graded exams, quizzes, and papers, developed course syllabi, and provided class support to the faculty.

Kuwaiti Ministry of Health Technical Consultative Workshop on Nursing Support for Elderly Home Visit 24-26 September 2019

This training program aims: (1) to support the nursing department to build the capacities of nurses to provide quality home nursing care for their older patients; (2) to strengthen nurses' roles in providing quality care to elderly patients and to advise, educate and support the family members and caregivers.

Masaryk University Teaching mobility within the Erasmus+ programme November 6, 2018

1. Establishing and maintaining contacts and partnerships with colleagues at Masaryk University in our academic field (Nursing/gerontology).
2. Gaining new teaching experiences in an international context and having a chance to reflect on teaching activities cross-culturally.
3. Exploring other up-to-date teaching strategies used at Masaryk University and sharing our teaching strategies with them.

University of Wisconsin-Milwaukee/ School of Nursing Teaching Assistant August 2014-May, 2016

1. Taught and supervised approximately 100 undergraduate students in different nursing courses, including Aging and Long-Term Care and Health Promotion and Cultural Diversity in Healthcare.
2. Graded exams, quizzes, and papers, and provided class support to the faculty.

Jewish Nursing Home, Wisconsin, USA Research Associate June-November 2015

-
- A. Worked as a research associate with Dr. Kovach, a Jewish Home and Care Center Research Professor in Aging, on a big project entitled, “Proton Pump Inhibitors and Prescribing Cascades.”
- B. This study aims to describe the prescribing cascade of proton pump inhibitors (PPI) in nursing home residents and identify the statistically significant factors related to the use of PPI and H2 receptor blockers

University of Wisconsin-Milwaukee/ School of Nursing Clinical Project Manager Jan 16, 2014-Aug 16, 2014

- *I provided clinical data management support to the study project (T3 project). It is a study of factors that are associated with the overuse of proton pump inhibitor medications by nursing home residents.
- *Our contention was that the overuse of proton pump inhibitors is part of a prescribing cascade in which polypharmacy and overuse of vitamins, minerals, and supplements beget the need for proton pump inhibitors to treat dyspepsia (i.e., upper stomach upset).
- *I participated in the review of Clinical research documents (e.g., Protocols, Case Report Forms, Reports, and Statistical analysis).
- *I developed tracking sheets and codebooks and participated in collecting and coding data, entering them into SPSS, and analyzing them.

ADURO Screening Company Health Screener and Coach Feb-March, 2014

- I was responsible for performing health screening tests, including blood tests (e.g. cholesterol, blood sugar, HDL, LDL), blood pressure and heart rate, and weight, height, and waist circumference.
- I was responsible for recording test results and discussing any concerns about the results.

Jordan University of Science and Technology, Jordan Teaching Assistant 2009-2010

- Taught and supervised approximately 100 undergraduate students in different nursing clinical courses, including Fundamentals of Nursing Practice, Clinical Physical Assessment in nursing school labs, Adult Health Nursing I, and Adult Health Nursing II in medical-surgical units.
- Prepared students using a variety of skills. Assessed the student’s ability to manage clinical assignments. Created an environment conducive to learning and determined appropriate patient care assignments for students. Role-modeled professional interactions in the care unit. Demonstrated nursing actions. Gave timely and appropriate feedback to students.
- Worked as Teaching Assistant in two classes: "Scientific Research in Nursing and Nursing Profession Standards and Code of Ethics" and as a coordinator for the clinical course “Adult Health Nursing.”

King Abdullah University Hospital (KAUH), Jordan Registered Nurse 2008-2009

- Conducted physical assessment and respiratory and heart monitoring of ICU patients.
- Managed medication doses, anesthesia, and ventilatory support.
- Performed several nursing procedures and collaborated with other healthcare providers and patient families in decisions regarding treatment.

- Contributed to ethical decision-making of medical care protocols.

GRADUATE CLINICAL ROTATION EXPERIENCES

Neurosurgery/Epilepsy unit NIMU and NNICU, UVa Hospital, Charlottesville, VA Sep. 2011

- Cared for 15 patients and assisted with cardiac monitoring, patient repositioning, patient morning care, many nursing procedures, conducting a physical exam and history taking.
- Reviewed many treatment guidelines and articles that related to neurotrauma and reviewed many neurotrauma patient records.
- Developed educational materials that concerned complicated migraines and shared them with the nursing staff.
- Performed presentation of two evidence-based projects regarding reducing medication errors and fall prevention.

Commonwealth Senior Living at Charlottesville, Charlottesville, VA Sep.-May, 2011

- Cared for 10 nursing home residents and assisted with patient repositioning, patient morning care, many nursing procedures, conducting a physical exam, and history taking.
- Reviewed many pain treatment guidelines and articles that related to pain assessment and management in NH residents with dementia.
- Developed an evidence-based project regarding promoting nurses' decision-making regarding suspected pain in NH residents with dementia.

PROFESSIONAL DEVELOPMENT AND SERVICE

- Promoting the Capacity of Nurses During Home Visits, Kuwait, Sep 23-26, 2019
- GSA 2015 Conference, Orlando, FL, Nov. 18-22, 2015
- Midwest Nursing Research Society (MNRS) Conference in Indianapolis, Indiana, on April 17, 2015
- Midwest Nursing Research Society (MNRS) Conference in St Louis, MO, on March 26, 2014
- Living with Grief: End-of-Life Ethics in Charlottesville, VA on April 24, 2012
- Neuro Core Curriculum, Nursing Education Service in Charlottesville, VA, on April 24, 2012
- Progressive Care Core Curriculum- Clinical Application, Life Support Learning Center in Charlottesville, VA, on April 10, 2012
- Evidence-Based Practice Day, Jordan Hall Conference Center in Charlottesville, VA, March 30, 2012
- Syllabus Design Workshop, Teaching Resource Center in Charlottesville, VA, on April 5, 2012.

PRESENTATION

- **Rababa, M.** (2022). The Impact of Cognitive Behavioral Therapy on Relieving Nurses' Ageism Toward Older Adults, The Gerontological Society of America (GSA) 2022 Annual Scientific Meeting in Indianapolis, Indiana, 2-6, Nov. 2022
